SUMMARY

Web Developer with hands-on experience in building responsive web applications using HTML, CSS, JavaScript, and React. Built and deployed real-world projects such as E-Commerce, Weather, and Food Delivery websites. Strong problem-solving mindset with 150+ **DSA problems** solved on GeeksforGeeks and consistent daily practice.

TECHNICAL SKILLS

Languages: Java, MySQL, C
Technologies / Frameworks: HTML, CSS, JavaScript, Tailwind CSS, React
Version Control: Git, GitHub
Tools / IDEs: Visual Studio Code, IntelliJ IDEA
Core Concepts: Object-Oriented Programming (OOPs), Software Development Life Cycle (SDLC), Data Structures & Algorithms (DSA)

EXPERIENCE

SmartInternz (SmartBridge)   **Jul 2025 – Aug 2025**
Role - Full Stack Intern (MERN)   *Remote*

- Worked mainly on the frontend of a MERN-based e-commerce application using React.js.
- Built responsive web pages using HTML, CSS, and modern layout techniques.
- Developed key screens like Home, Product Listing, Product Details, Cart, and Login.
- Connected the UI with backend using REST APIs to display dynamic product data.

PROJECTS

E-Commerce Website ↗ HTML, CSS, JavaScript   **2025**

- Built a responsive e-commerce website using HTML, CSS, and JavaScript.
- Created clean product listing and detail pages with a user-friendly design.
- Added interactive UI features using JavaScript for better user experience.
- Optimized for both mobile and desktop screens and deployed on Vercelfor public access.

Weather Website ↗ HTML, CSS, JavaScript, API   **2024**

- Live weather forecast website that allows users to search for current weather conditions by city using the OpenWeatherMap API.
- Shows real-time temperature, weather description, humidity, and wind speed for the searched location.
- Responsive UI design that works well on both mobile and desktop views.

Personal Portfolio Website ↗ HTML, CSS, JavaScript,React   **2025**

- Designed and developed a personal portfolio website to showcase projects and skills.
- Built using modern web technologies for clean layout and smooth navigation.
- Created sections for About, Projects, Skills, and Contact for easy browsing
- Implemented responsive design to support mobile and desktop views

EDUCATION

D.M.S.S.V.H College of Engineering   **2023–2027**
*B.Tech - Computer Science and Engineering - **CGPA** - 7.0*   *Machilipatnam, Andhra Pradesh*

ACHIEVEMENTS

- Solved **150+** Data Structures and Algorithms problems on **GeeksforGeeks**.

- Maintained a **105-day streak** in **GeeksforGeeks POTD** and solved **111** daily challenges.

- Successfully completed the **Web Development** course by **Angela Yu** on Udemy.

- Completed the **Java Self-Paced** course on **GeeksforGeeks**.

- Completed the **Data Structures and Algorithms (DSA) Self-Paced** course on **GeeksforGeeks**.

- Earned certification from the **TCS iON Young Professional** program.
